

Year 1: Manufacturing Technician Pre-Apprenticeship Program

Lead the charge.

Fly to Mars.

Put yourself on stage.

Build the house.

You can do any of this with a career in Manufacturing!

The Manufacturers' Association Pre-Apprenticeship Program is designed for high school Juniors or Seniors who are considering pursuit of an Apprenticeship in a chosen trade after graduation! A Pre-Apprenticeship gives students the ability to explore a career before entering the workforce after graduation. The program consists of hands on sessions and an optional online credential program. Participants of the program will receive state certified pre-apprentice papers and Federal OSHA 10 certification!

This program can prepare you for career opportunities at these participating companies that host apprenticeships:

- | | | |
|-----------------------|---------------------------------|----------------------------|
| • Amphenol | • DieTech | • Roechling Medical |
| • Anvil International | • E Tube and Wire | • Ronal Tool |
| • APEX Group | • Flinchbaugh Engineering | • Tait Towers |
| • Armstrong Ceiling | • Graham Architectural | • Tate Access Flooring |
| • Auman Machine | • Harley-Davidson | • Tooling Dynamics |
| • BAE Systems | • Johnson Controls Navy Federal | • Tooling Technologies |
| • Beck Anvil | • KRB | • Turkey Hill Dairy |
| • Billet Industries | • Mauser | • USA Spaces |
| • CTE, Inc. | • New Concept Technology | • Warwick Machine and Tool |
| • Davies Precision | • New Standard Corporation | • Wolfgang Confection |
| • DenTech | | |

Registered Manufacturing Technician Program Schedule of Events:

- Kickoff Held at Participating Manufacturing Company
- Session 1 – OSHA 10 Certification
- Session 2 – OSHA 10 Certification
- Session 3 – Basic Shop Math & Precision Measurement
- Session 4 – Design and Processing/Quality Control
- Session 5 – SolidWorks Design
- Session 6 – LEAN Manufacturing Intro
- Graduation (Evening)

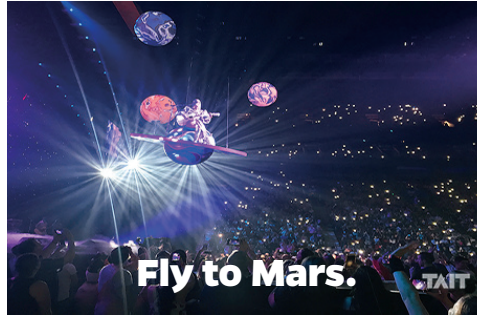

Apply today for the Pre-Apprenticeship Program: See your guidance counselor for more details
